Fort William, Home Department,
The 28th May 1852.

NOTIFICATION.—The Most Noble the Governor General in Council is pleased to notify, for general information, that, under instructions from the Hon'ble the Court of Directors, all Servants of the East India Company, whether Civil or Military, Covenanted or Uncovenanted, are strictly prohibited from taking any part in the management of Banks in India, or from being connected with Banks, or any other Trading Companies, except as simple Shareholders; the only exception to this rule being in favour of Ex-Officio Directors or Secretaries of the Government Banks at the three Presidencies.

To obviate any possible injury to existing Institutions from the immediate withdrawal of all the Company's Servants at present engaged in their management, the Hon'ble Court do not insist that those of their Servants now so engaged should at once retire from that occupation, but the prohibition is distinct and positive as regards fresh acceptance of office from the date of the receipt of the Court's Despatch, viz., the 14th May 1852.

NOTIFICATION.

FORT WILLIAM,

FOREIGN DEPARTMENT,

THE 5TH JUNE, 1852.

THE Governor General in Council has the gratification of announcing the capture of Bassein, and of publishing, for general information, the Despatches which report the combined operations of the Naval and Military Force, by which this service has been executed.

In ascending for sixty miles a River still very imperfectly known, in effecting the landing of the Troops, and capturing the City, the Fort, and the Stockaded defences on both sides of the River fully garrisoned and armed, and in accomplishing all this with very unequal numbers, and within the limits of a single day, the combined forces at Bassein performed a gallant and spirited service, which well deserves the approbation and applause of the Government of India.

To Major General Godwin, C. B., and to Commodore Lambert, the Governor General in Council has again the satisfaction of offering his cordial acknowledgments of the ability and good-will with which they have united their exertions for ensuring success to the operations in which they were engaged.

The Governor General in Council begs to repeat his thanks to Major Boulderson, Deputy Judge Advocate General, to Captain Latter, to Captain Chads, A. D. C., and to Lieutenant Ford, of the Madras Sappers, for their conduct in the field on this occasion.

His Lordship in Council desires especially to mark his sense of the services rendered by Major Errington, H. M. 51st Light Infantry, Commanding the detachment of Troops at Bassein, and to Commander Campbell, of the Indian Navy, by whom the Stockade upon the right bank of the River was stormed and taken.

To Captain Rice, Captain Darroch and Lieutenant Carter, of H. M.'s 51st Light Infantry, to Lieutenant Ansley, 9th M. N. I., to Lieutenant Craster, Bengal Engineers, and to Dr. McCosh, of the Medical Department, the Governor General in Council begs leave to convey his best thanks.

Equal acknowledgments are due to Lieutenant Rice, R. N., to Lieutenant Elliot and Lieutenant Nightingale, R. M., to Commander Hewett, to Lieutenant Robinson and Lieutenant Lewis, Indian Navy, and to Captain Dicey, Captain Burbank and Mr. F. Duncan, of the Bengal Marine, whose services have been commended.

The Governor General in Council has particular satisfaction in adding the expression of his entire approbation of the gallantry and good conduct of the Officers, Non-Commissioned Officers and men of H. M.'s 51st Regiment, of 9th Regiment M. N. I., of the Madras Sappers and Miners, and of the Seamen and Marines employed in the capture of the City of Bassein.

By order of the Most Noble the Governor General of India in Council,

C. ALLEN,

Offg. Secy. to the Govt. of India.

(COPIES.)

No. 4.

FROM LIEUTENANT GENERAL H. GODWIN, C. B.,

Commanding the Forces in Ava, Arracan and Tenasserim Provinces.

TO CHARLES ALLEN, ESQUIRE,

Secretary to the Government of India, Foreign Department, Fort William.

Dated, Head-Quarters, Rangoon, 24th May, 1852.

SIR,

The Governor General having expressed some anxiety about the South part of Arracan, as being in the neighbourhood of Bassein, I resolved, as soon as I could conveniently leave Rangoon, to take a Detachment, and personally visit the place. On expressing this intention to Commodore Lambert, he, to my very great pleasure, said he would accompany me. I fixed on Monday the 17th May, and had a Detachment warned to be ready to embark on that morning, consisting of 400 of the 51st K. O. L. I., 800 of the 9th Madras N. I., 67 Madras Sappers, and a Serjeant and 6 Gunners of the Bengal Artillery. The whole party was placed under the Command of Major Errington of the 51st L. I.

The Commodore appointed three fine vessels to carry the troops—the H. C. S. F. "Sesostris" and "Mozuffer" and the "Tenasserim," with a smaller Steamer, the "Pluto," carrying the Naval Brigade and Marines of H. M.'s Frigate "Fox."

We cleared the Rangoon river on the afternoon of Monday the 17th, and on the next evening anchored off Negrais Island, leading into the Bassein river. At day break the next morning the Flotilla weighed, and we ascended that most beautiful stream for 60 miles, which at 4 o'clock brought us in view of the defences, of about a mile long, of the City of Bassein. We had passed some new Stockades, one at and the other South of Naputa, a few miles below the Town, which were not armed, but these consisted of one extensive Stockade, with several hundred men in it, fully armed and with cannon.

The enemy looked at us, but did not show any disposition to molest. The Flotilla arrived at the left of their position, a strong well-built Mud Fort, armed with cannon and men. This we passed within two hundred yards, and so in succession all their defences for nearly a mile, till the "Tenasserim," with the Commodore and myself on board, anchored opposite a golden Pagoda, centrally situated within the defences. The Steamers anchored in succession without bringing down the fire of a single musket.

The admirable position taken up by the Steamers induced me to order the immediate landing of the Troops. The enemy appeared so completely surprised and paralyzed by our approach, that I gave orders not to fire unless fired on, and to take possession of the Pagoda. Nearly all the men of H. M.'s 51st Foot got on shore under the Pagoda before a shot was fired. Captain Latter, my Interpreter, accompanied Captain Darroch with a Company of the 51st on shore, and landed on the extreme right of the works, opposite a traverse covering a gateway, and there a parley was held between Captain Latter and some Burmese on the Walls, which brought on the first discharge of Musketry, killing a Serjeant and wounding two men. This fire was taken up and ran down the works, but soon ceased.

At this time Major Errington made his advance on the Pagoda and carried it in most gallant style, the 51st L. I. maintaining nobly the character they had ever commanded by their courage and distinguished conduct in the field.

The contest that stamped the operations of this remarkable day with a brilliant conclusion, was the attack on the Mud Fort, most scientifically built, and of great extent, which could only have been constructed under a disposition that commanded the labor of its subjects, in the short time they had been about it. It was not entirely completed in its details within. The storming party under Major Errington proceeding to the left of the Burmese works, accompanied by Lieutenant Rice of H. M.'s Frigate "Fox," and Lieutenant Ford of the Madras Sappers, came upon this Mud Fort fully garrisoned and well armed. The attack was most determined, as was the defence obstinate. It was bravely stormed, but with the consequence of Major Errington and several Officers and men being severely wounded. Lieutenant Ansley, with a small Detachment of the 9th Madras N. I. shared in this contest; he was severely wounded, and the Corps proved itself to be as good as it looks, and it is one of the nicest corps I have ever seen. Its gallantry and devotion on this occasion claiming the admiration of all who witnessed it. The whole affair was over a little after six o'clock.

While these operations had been going on, the Commodore had claimed the services of Captain Campbell of the "Sesostris," and his men, in destroying a large Stockade on the opposite bank of the River. They drove off the Burmese, fired the Stockade, and took six guns.

I am informed from several sources that the enemy suffered very severely in the contest in the Mud Fort.

In having the honor, as well as the gratification of reporting to the Governor General in Council the possession of this important Station, I will observe that, from every indication of preparation going on, the Government of this Country intended to make it a most powerful place and to repair the loss of Rangoon by establishing Bassein as their mart of communication with this Country, as well as a powerful position to keep in subjection the Pegu population, so decidedly and ever our friends, and also to maintain a threatening attitude towards the South of Arracan.

By leaving Bassein to itself, I should have been giving it back to the soldiery just driven out, as the defences had been built and put into the improved state I have described, by five thousand men from the Upper Country, commanded by a man of reputation. To secure it, I have

left a Garrison of two Companies (160 men) of the 51st L. I., and three hundred men of the 9th Madras Native Infantry. These will be reinforced by an Officer of Artillery and half a Company with two 9-Pounder Guns. The Garrison now possessing two 12-inch Howitzers. These, with two months' rations, will leave this on or about the 26th instant. Major Roberts, of the 9th M. N. I., will proceed in the same Vessel to take Command of Bassein; he is an experienced and excellent Officer.

I consider that in a few weeks the Burmese Soldiery of the upper country will have returned to their homes, meeting with no sympathy from the Pegu population, and the Pegu Soldiers themselves are already with their families, so that the Garrison I have left could, in a Military point of view, be withdrawn in six weeks: and it will then remain with the Government of India to decide whether it hold during the War this very important place. If so, further arrangements will be very necessary. Major Fraser, the Commanding Engineer, should visit it. A very little expence will make it a secure position. The Barrack houses the Soldiery are now in are excellent, and well built of wood. Fresh meat can be had, as the population of the place are coming under our protection in great numbers.

I may here remark, that that most admirable Officer, and clear-seeing man, my most respected late Commander Sir A. Campbell, attached great importance to the holding of Bassein.

After passing two clear days in arranging for the stability of the Detachment to be left here, on the morning of the 22nd, the Flotilla, with the exception of the "Sesostris", which remains, weighed at day break, and reached Rangoon on the 23rd May, after an absence of only seven days.

To Commodore Lambert, and to this combined Expedition, the Governor General in Council owes all that professional ability and unremitting exertion could accomplish towards success to which they so largely contributed. The H. C. Steamer "Proserpine," Commander Brooking, arrived 24 hours after the place was taken, but even so his activity was not lost, for he and his Vessel went off the morning before we weighed and destroyed the Stockade that I mentioned to have passed on the way up to the River.

Major Errington, of H. M.'s 51st L. I., who commanded the Detachment of Troops, embarked for Bassein, who principally directed this Detachment, and who fought this Detachment, deserves the particular thanks of the Most Noble the Governor General in Council. I have great pleasure in forwarding his Report of the operations, for the perusal of His Lordship in Council.

I beg the best consideration of Government for Captain Rice, and Lieutenant Carter, of the 51st Light Infantry, and for Lieutenant Ansley, of the 9th Madras Native Infantry, all three severely wounded at the assault of the Fort, and also for Lieutenant Ford, of the Sappers and Miners, on the same occasion, for Lieutenant Rice, 1st of Her Majesty's Frigate "Fox," who commanded the Naval Brigade, and who was severely wounded, whilst particularly distinguishing himself in the attack of the Fort.

It has been brought to my notice that Mr Duncan, the 2nd Officer of the H. C. Steamer "Tonasserim," at the head of a party of men of his Ship, behaved most gallantly upon the same occasion.

To Captain Darroch, of the 51st L. I., and to Captain Latter, my Interpreter, thanks are due for their gallantry in forcing the traverse, and entering at the gate on the right of the enemy's position. Lieut. Craster, of the Bengal Engineers, also merits thanks, and the Plan of Bassein, which I enclose for the Governor General's inspection, will prove his professional competency. To Lieutenants Elliot and Nightingale, with the Marines of H. M.'s Frigate "Fox," and to Captain Campbell, of the H. C. Steamer Frigate "Sesostris," I beg your Lordship in Council's kind consideration. To Doctor McCosh and the Officers of the Medical Department, thanks are particularly due.

The Naval part of the Expedition, both Sailors and Marines, supported the character that has ever been theirs of undaunted courage.

I have been considered wanting sometimes, in not more particularly naming Corps or individuals, but in this peculiar warfare of constant assaults on well armed and strong positions, often well defended, it has been the noble emulation of all to be first into the enemy's works. It was in such an effort of ambition that that fine and gallant young Officer, Lieutenant Doran, of the 18th R. I., fell pierced with four balls, far in advance of his proper post, indeed, I might fill my report with names, were all to be individualized.

• • I now beg particularly to bring to the notice of the Governor General in Council, Major Boulderson, of the Madras Army, the Deputy Judge Advocate General of the Force, who, on this occasion, accompanied me, and filled the two posts of Assistant Adjutant and Assistant Quarter Master General to the Expedition, as I could not move from their important duties at Rangoon, Adjutant General Mayhew, nor Quarter Master General Allan.

The Major has been of much essential service to me in various ways; and the judicious manner in which he posted the Pickets after the capture of Bassein, in that wilderness of houses and jungle, tended to the perfect security of the Force. Captain Chads, my A. D. C., never leaves me, and always makes himself particularly useful.

Since my last Report, nothing worthy of note has occurred at Rangoon. The Town is increasing in importance by the crowds of Natives who daily come in with their families and goods; as is the case throughout the neighbourhood, but especially at Kemmendine, which is as large a place as Rangoon.

The conduct of the Troops is excellent, and their health is improving daily since the rain has set in.

I have the honor to be, &c.,

FROM

COMMODORE GEORGE R. LAMBERT,

TO

C. ALLEN, Esq.,

Officialing Secretary to the Government of India, Foreign Department, Calcutta.

Dated, Her Majesty's Ship "Fox's" boat at Bassein, 20th May, 1852.

SIR,

I request you may be pleased to inform the Most Noble the Governor General of India in Council, that the Lieutenant General Commanding the Forces having communicated his wish to make an attack on the city of Bassein, I placed a Squadron of four Steamers at his disposal for this service.

2. On the morning of the 17th instant, Lieutenant General Godwin, C. B. the Commander of the Forces, embarked in the Squadron with four hundred of Her Majesty's 51st Regiment, three hundred of the 9th Regiment, Madras Native Infantry; sixty Sappers and Miners, the Royal Marines, and a Detachment of Seamen with a field Gun from Her Majesty's Ship "Fox."

3. I left the Naval Forces at Rangoon in charge of Commander Tarleton with the "Fox," and went with my boat to the "Tenasserim," in which steamer I hoisted my broad pendant, and put to sea at two o'clock in the afternoon with the Steamers named in the inclosure marked A.

The Lieutenant General accompanied me in the "Tenasserim."

4. On the evening of the 18th, we anchored off the Island of Negrais at the entrance of the Bassein River, where the "Pluto" joined us. I had sent her on from Rangoon a day previously, as her small power could not have enabled her to keep up with the Steam Frigates.

5. At daylight on the 19th, Squadron weighed and proceeded up the River. The "Pluto," from her light draught, being ahead showing the soundings. The "Tenasserim" led, followed by the "Seoastis" and "Mozuffer," at half a cable's length distant.

6. At a few minutes after four o'clock in the afternoon, the fortifications of Bassein appeared in sight, consisting of a very extensive Mud Fort, and a long line of Stockade on the left bank, on which the City stands, and a strong Stockade round the Pagoda with a brick parapet fronting the River. Then, in an admirable position on the right bank, stood a very large Stockade mounting several cannons.

The Enemy permitted the Squadron to approach unmolested.

7. At half past four, when abreast the Stockades, I made the signal to anchor: immediately afterwards Lieutenant General Godwin expressed his wish to land the Troops, which was effected in perfect order in a very short period. They had scarcely formed under the Lieutenant General's direction, when a heavy fire was opened both with Cannon and Musketry from the various Stockades, which was instantly answered by a cheer from the party landed, who stormed and carried the Pagoda.

As soon as the Enemy commenced firing, the Ships opened their fire on the different Batteries.

Observing the Stockade opposite the town had been silenced, I directed Commander Campbell, of the "Sesostris," to land with the boats of his own Ship and the "Mozuffer's," and to storm it, which he effected in gallant style, driving the Burmese from their Guns with considerable loss to them in killed and wounded.

Commander Campbell has called my special attention to the zeal and activity displayed on this occasion by Lieutenants Robinson and Lewis, of the Indian Navy.

At half past five I had the satisfaction of hearing that the last and most formidable of the Stockades had been carried; but not without considerable loss on our part from the great resistance shown by the Enemy.

Amongst those I have to enumerate as sufferers on this occasion, I have to name Lieutenant George W. Rice, of Her Majesty's Ship "Fox," who received a severe and painful wound through the right hand whilst gallantly leading his party of Seamen into the Stockade.

I feel it my duty also to mention the steady conduct of the Royal Marines under the Command of First Lieutenant John Elliott, and I cannot conclude without expressing my best thanks to Commanders Campbell and Hewett, of the Indian Navy, for the skill and ability with which they brought their Ships up a River, which has hitherto been but imperfectly surveyed, for a distance of more than sixty miles; nor can I refrain from expressing how much I am indebted to Commanders Dacey and Burbank, of the Bengal Marine, for the assistance I received from them; and I attribute our being able to perform this service without accident, to the careful and judicious manner with which the Commander of the "Pluto" went in advance and communicated the soundings.

I cannot forbear bringing to His Lordship's notice Mr. Francis Duncan, Second Officer of the "Tenasserim," he was by the side of Lieutenant Rice when he was wounded, and in storming the Stockade his conduct was most gallant.

My thanks are general to the Officers and men who served under my orders on this occasion, for the steady, gallant, and cheerful conduct with which they performed the duty; neither can I omit remarking that the most perfect unanimity prevailed between the two services.

8. Since my last visit to Negrais, the old Governor of Bassien has been removed, and the Government entrusted to another Officer, who arrived here from Ava with four thousand regular Troops, which increased the strength of the Garrison to six thousand men.

9. I have the honor to forward herewith a List of killed and wounded in the Squadron, the Inclosures Casualties amongst the Troops, I understand, amounted to about twenty-five more, and I B. and C. also inclose a Return of the number of Cannon captured from the Enemy.

I have the honor to be, &c.,

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL
OF INDIA IN COUNCIL.

FORT WILLIAM, 7TH JUNE, 1852.

The following Notification from the Foreign Department, is re-published in General Orders :

No. 118.

NOTIFICATION.

FORT WILLIAM,

FOREIGN DEPARTMENT,

THE 5TH JUNE, 1852.

THE Governor General in Council has the gratification of announcing the capture of Bassein, and of publishing, for general information, the Despatches which report the combined operations of the Naval and Military Force, by which this service has been executed.

In ascending for sixty miles a River still very imperfectly known, in effecting the landing of the Troops, and capturing the City, the Fort, and the Stockaded defences on both sides of the River fully garrisoned and armed, and in accomplishing all this with very unequal numbers, and within the limits of a single day, the combined Forces at Bassein performed a gallant and spirited service, which well deserves the approbation and applause of the Government of India.

To Major General Godwin, C. B., and to Commodore Lambert, the Governor General in Council has again the satisfaction of offering his cordial acknowledgments of the ability and good-will with which they have united their exertions for ensuring success to the operations in which they were engaged.

The Governor General in Council begs to repeat his thanks to Major Boulderson, Deputy Judge Advocate General, to Captain Latter, to Captain Chads, A. D. C., and to Lieutenant Ford, of the Madras Sappers, for their conduct in the field on this occasion.

His Lordship in Council desires especially to mark his sense of the services rendered by Major Errington, H. M. 51st Light Infantry, Commanding the detachment of Troops at Bassein, and to Commander Campbell, of the Indian Navy, by whom the Stockade upon the right bank of the River was stormed and taken.

To Captain Rice, Captain Darroch and Lieutenant Carter, of H. M.'s 51st Light Infantry, to Lieutenant Ansley, 9th M. N. I., to Lieutenant Craster, Bengal Engineers, and to Dr. McCosh, of the Medical Department, the Governor General in Council begs leave to convey his best thanks.

Equal acknowledgments are due to Lieutenant Rice, R. N., to Lieutenant Elliot and Lieutenant Nightingale, R. M., to Commander Hewett, to Lieutenant Robinson and Lieutenant Lewis, Indian Navy, and to Captain Dicey, Captain Burbank and Mr. F. Duncan, of the Bengal Marine, whose services have been commended.

The Governor General in Council has particular satisfaction in adding the expression of his entire approbation of the gallantry and good conduct of the Officers, Non-Commissioned Officers and men of H. M.'s 51st Regiment, of 9th Regiment M. N. I., of the Madras Sappers and Miners, and of the Seamen and Marines employed in the capture of the City of Bassein.

By Order of the Most Noble the Governor General of India in Council,

C. ALLEN,

Offg. Secy. to the Govt. of India.

No. 4.

FROM LIEUTENANT GENERAL H. GODWIN, C. B.,

Commanding the Forces in Ava, Arracan and Tenasserim Provinces,

TO CHARLES ALLEN, ESQUIRE,

• Officiating Secretary to the Government of India, Foreign Department, Fort William.

Dated, Head-Quarters, Rangoon, 24th May, 1852.

SIR,

The Governor General having expressed some anxiety about the South part of Arracan, as being in the neighbourhood of Bassein, I resolved, as soon as I could conveniently leave Rangoon, to take a

Detachment, and personally visit the place. On expressing this intention to Commodore Lambert, he, to my very great pleasure, said he would accompany me. I fixed on Monday the 17th May, and had a Detachment warned to be ready to embark on that morning, consisting, of 400 of the 51st K. O. L. I., 300 of the 9th Madras N. I., 67 Madras Sappers, and a Serjeant and 6 Gunners of the Bengal Artillery. The whole party was placed under the Command of Major Errington of the 51st L. I.

The Commodore appointed three fine vessels to carry the troops—the H. C. S. F. "Sesostris" and "Mozuffer" and the "Tenasserim," with a smaller Steamer, the "Pluto," carrying the Naval Brigade and Marines of H. M.'s Frigate "Fox."

We cleared the Rangoon river on the afternoon of Monday the 17th, and on the next evening anchored off Negrals Island, leading into the Bassein river. At day break the next morning the Flotilla weighed, and we ascended that most beautiful stream for 60 miles, which at 4 o'clock brought us in view of the defences, of about a mile long, of the City of Bassein. We had passed some new Stockades, one at and the other South of Naputa, a few miles below the Town, which were not armed, but these consisted of one extensive Stockade, with several hundred men in it, fully armed and with cannon.

The enemy looked at us, but did not show any disposition to molest. The Flotilla arrived at the left of their position, a strong well-built Mud Fort, armed with cannon and men. This we passed within two hundred yards, and so in succession all their defences for nearly a mile, till the "Tenasserim," with the Commodore and myself on board, anchored opposite a golden Pagoda, centrally situated within the defences. The Steamers anchored in succession without bringing down the fire of a single musket.

The admirable position taken up by the Steamers induced me to order the immediate landing of the Troops. The enemy appeared so completely surprised and paralyzed by our approach, that I gave orders not to fire unless fired on, and to take possession of the Pagoda. Nearly all the men of H. M.'s 51st Foot got on shore under the Pagoda before a shot was fired. Captain Latter, my Interpreter, accompanied Captain Darroth with a Company of the 51st on shore, and landed on the extreme right of the works, opposite a traverse covering a gateway, and there a parley was held between Captain Latter and some Burmese on the Walls, which brought on the first discharge of Musketry, killing a Serjeant and wounding two men. This fire was taken up and ran down the works, but soon ceased.

At this time Major Errington made his advance on the Pagoda and carried it in most gallant style, the 51st L. I. maintaining nobly the character they had ever commanded by their courage and distinguished conduct in the field.

The contest that stamped the operations of this remarkable day with a brilliant conclusion, was the attack on the Mud Fort, most scientifically built, and of great extent, which could only have been constructed under a disposition that commanded the labor of its subjects, in the short time they had been about it. It was not entirely completed in its details within. The storming party under Major Errington, proceeding to the left of the Burmese works, accompanied by Lieutenant Rice of H. M.'s Frigate "Fox," and Lieutenant Ford of the Madras Sappers, came upon this Mud Fort fully garrisoned and well armed. The attack was most determined, as was the defence obstinate. It was bravely stormed, but with the consequence of Major Errington and several Officers and men being severely wounded. Lieutenant Ansley, with a small Detachment of the 9th Madras N. I., shared in this contest; he was severely wounded, and the Corps proved itself to be as good as it looks, and it is one of the nicest Corps I have ever seen, its gallantry and devotion on this occasion claiming the admiration of all who witnessed it. The whole affair was over a little after 6 o'clock.

While these operations had been going on, the Commodore had claimed the services of Captain Campbell of the "Sesostris," and his men, in destroying a large Stockade on the opposite bank of the River. They drove off the Burmese, fired the Stockade, and took six guns.

I am informed from several sources that the enemy suffered very severely in the contest in the Mud Fort.

In having the honor, as well as the gratification of reporting to the Governor General in Council the possession of this important Station, I will observe that, from every indication of preparation going on, the Government of this Country intended to make it a most powerful place and to repair the loss of Rangoon by establishing Bassein as their mart of communication with this Country, as well as a powerful position to keep in subjection the Pegu population, so decidedly and ever our friends, and also to maintain a threatening attitude towards the South of Arracan.

By leaving Bassein to itself, I should have been giving it back to the Soldiery just driven out, as the defences had been built and put into the improved state I have described, by five thousand men from the Upper Country, commanded by a man of reputation. To secure it, I have left a Garrison of two Companies (160 men) of the 51st L. I., and three hundred men of the 9th Madras Native Infantry. These will be reinforced by an Officer of Artillery and half a Company with two 9-Pounder Guns, the Garrison now possessing two 12-inch Howitzers. These, with two months' rations, will leave this on or about the 26th instant. Major Roberts, of the 9th M. N. I., will proceed in the same Vessel to take Command of Bassein; he is an experienced and excellent Officer.

I consider that in a few weeks the Burmese Soldiery of the Upper Country will have returned to their homes, meeting with no sympathy from the Pegu population, and the Pegu Soldiers themselves are already with their families, so that the Garrison I have left could, in a Military point of view, be withdrawn in six weeks: and it will then remain with the Government of India to decide whether it hold during the War this very important place. If so, further arrangements will be very necessary. Major Fraser, the Commanding Engineer, should visit it. A very little expence will make it a secure position. The Barrack houses the Soldiery are now in are excellent, and well built of wood. Fresh meat can be had, as the population of the place are coming under our protection in great numbers.

I may here remark, that that most admirable Officer, and clear-seeing man, my most respected late Commander, Sir A. Campbell, attached great importance to the holding of Bassein.

After passing two clear days in arranging for the stability of the Detachment to be left here, on the morning of the 22nd, the Flotilla, with the exception of the "Sesostria", which remains, weighed at daybreak, and reached Rangoon on the 23rd May, after an absence of only seven days.

To Commodore Lambert, and to this combined Expedition, the Governor General in Council owes all that professional ability and unremitting exertion could accomplish towards success to which they so largely contributed. The H. C. Steamer "Proserpine," Commander Brooking, arrived 24 hours after the place was taken, but even so his activity was not lost, for he and his Vessel went off the morning before we weighed and destroyed the Stockade that I mentioned to have passed on the way up to the River.

Major Errington, of H. M.'s 51st L. I., who commanded the Detachment of Troops, embarked for Bassein, who principally directed this Detachment, and who fought this Detachment, deserves the particular thanks of the Most Noble the Governor General in Council. I have great pleasure in forwarding his Report of the operations, for the perusal of His Lordship in Council.

I beg the best consideration of Government for Captain Rice, and Lieutenant Carter, of the 51st Light Infantry, and for Lieutenant Ansley, of the 9th Madras Native Infantry, all three severely wounded at the assault of the Fort, and also for Lieutenant Ford, of the Sappers and Miners, on the same occasion, for Lieutenant Rice, 1st of Her Majesty's Frigate "Fox," who commanded the Naval Brigade, and who was severely wounded, whilst particularly distinguishing himself in the attack of the Fort.

It has been brought to my notice that Mr Duncan, the 2nd Officer of the H. C. Steamer "Tenasserim," at the head of a party of men of his Ship, behaved most gallantly upon the same occasion.

To Captain Darroch, of the 51st L. I., and to Captain Latter, my Interpreter, thanks are due for their gallantry in forcing the traverse, and entering at the gate on the right of the enemy's position. Lieut. Craster, of the Bengal Engineers, also merits thanks, and the Plan of Bassein, which I enclose for the Governor General's inspection, will prove his professional competency. To Lieutenants Elliot and Nightingale, with the Marines of H. M.'s Frigate "Fox," and to Captain Campbell, of the H. C. Steamer Frigate "Sesostria," I beg your Lordship in Council's kind consideration. To Doctor McCosh and the Officers of the Medical Department, thanks are particularly due.

The Naval part of the Expedition, both Sailors and Marines, supported the character that has ever been theirs of undaunted courage.

I have been considered wanting sometimes in not more particularly naming Corps or individuals, but in this peculiar warfare of constant assaults on well armed and strong positions, often well defended, it has been the noble emulation of all to be first into the enemy's works. It was in such an effort of ambition that that fine and gallant young Officer, Lieutenant Doran, of the 18th R. I., fell pierced with four balls, far in advance of his proper post, indeed, I might fill my report with names, were all to be individualized.

I now beg particularly to bring to the notice of the Governor General in Council, Major Boulderson, of the Madras Army, the Deputy Judge Advocate General of the Force, who, on this occasion, accompanied me, and filled the two posts of Assistant Adjutant and Assistant Quarter Master General to the Expedition, as I could not move from their important duties at Rangoon, Adjutant General Mayhew, nor Quarter Master General Allan.

The Major has been of much essential service to me in various ways; and the judicious manner in which he posted the Pickets after the capture of Bassein, in that wilderness of houses and jungle, tended to the perfect security of the Force. Captain Chads, my A. D. C., never leaves me, and always makes himself particularly useful.

Since my last Report, nothing worthy of note has occurred at Rangoon. The Town is increasing in importance by the crowds of Natives who daily come in with their families and goods; as is the case throughout the neighbourhood, but especially at Kemmendine, which is as large a place as Rangoon.

The conduct of the Troops is excellent, and their health is improving daily since the rain has set in.

I have the honor to be, &c.,

FROM

COMMODORE GEORGE R. LAMBERT,

To

C. ALLEN, Esq.,

Officiating Secretary to the Government of India, Foreign Department, Calcutta.

Dated, Her Majesty's Ship "Fox's" boat at Bassein, 20th May, 1852.

SIR,

I request you may be pleased to inform the Most Noble the Governor General of India in Council, that the Lieutenant General Commanding the Forces having communicated his wish to make an attack on the city of Bassein, I placed a Squadron of four Steamers at his disposal for this service.

2. On the morning of the 17th instant, Lieutenant General Godwin, C. B. the Commander of the Forces, embarked in the Squadron with four hundred of Her Majesty's 51st Regiment, three hundred of the 9th Regiment, Madras Native Infantry; sixty Sappers and Miners, the Royal Marines, and a Detachment of Seamen with a field Gun from Her Majesty's Ship "Fox."

3. I left the Naval Forces at Rangoon in charge of Commander Tarleton with the "Fox," and went with my boat to the "Tenasserim," in which steamer I hoisted my broad pendant, and put to Sea at two o'clock in the afternoon with the Steamers named in the inclosure marked A.

The Lieutenant General accompanied me in the "Tenasserim."

4. On the evening of the 18th, we anchored off the Island of Negrais at the entrance of the Bassein River, where the "Pluto" joined us. I had sent her on from Rangoon a day previously, as her small power could not have enabled her to keep up with the Steam Frigates.

5. At daylight on the 19th, the Squadron weighed and proceeded up the River. The "Pluto," from her light draught, being ahead showing the soundings. The "Tenasserim" led, followed by the "Sesostris" and "Mozuffer," at half a cable's length distant.

6. At a few minutes after four o'clock in the afternoon, the fortifications of Bassein appeared in sight, consisting of a very extensive Mud Fort, and a long line of Stockade on the left bank, on which the City stands, and a strong Stockade round the Pagoda, with a brick parapet fronting the River. Then, in an admirable position on the right bank, stood a very large Stockade mounting several cannons.

The Enemy permitted the Squadron to approach unmolested.

7. At half past four, when abreast the Stockades, I made the signal to anchor: immediately afterwards Lieutenant General Godwin expressed his wish to land the Troops, which was effected in perfect order in a very short period. They had scarcely formed under the Lieutenant General's direction, when a heavy fire was opened both with Cannon and Musketry from the various Stockades, which was instantly answered by a cheer from the party landed, who stormed and carried the Pagoda.

As soon as the Enemy commenced firing, the Ships opened their fire on the different Batteries.

Observing the Stockade opposite the Town had been silenced, I directed Commander Campbell, of the "Sesostris," to land with the boats of his own Ship and the "Mozuffer's," and to storm it,

which he effected in gallant style, driving the Burmese from their Guns with considerable loss to them in killed and wounded.

Commander Campbell has called my special attention to the zeal and activity displayed on this occasion by Lieutenants Robinson and Lewis, of the Indian Navy.

At half past five I had the satisfaction of hearing that the last and most formidable of the Stockades had been carried; but not without considerable loss on our part from the great resistance shown by the Enemy.

Amongst those I have to enumerate as sufferers on this occasion, I have to name Lieutenant George W. Rice, of Her Majesty's Ship "Fox," who received a severe and painful wound through the right hand whilst gallantly leading his party of Seamen into the Stockade.

I feel it my duty also to mention the steady conduct of the Royal Marines under the Command of First Lieutenant John Elliott, and I cannot conclude without expressing my best thanks to Commanders Campbell and Hewett, of the Indian Navy, for the skill and ability with which they brought their Ships up a River, which has hitherto been but imperfectly surveyed, for a distance of more than sixty miles; nor can I refrain from expressing how much I am indebted to Commanders Dicey and Burbank, of the Bengal Marine, for the assistance I received from them; and I attribute our being able to perform this service without accident, to the careful and judicious manner with which the Commander of the "Pluto" went in advance and communicated the soundings.

I cannot forbear bringing to His Lordship's notice Mr. Francis Duncan, Second Officer of the "Tonasserim," he was by the side of Lieutenant Rice when he was wounded, and in storming the Stockade his conduct was most gallant.

My thanks are general to the Officers and men who served under my orders on this occasion, for the steady, gallant, and cheerful conduct with which they performed the duty; neither can I omit remarking that the most perfect unanimity prevailed between the two services.

8. Since my last visit to Negrais, the old Governor of Bassein has been removed, and the Government entrusted to another Officer, who arrived here from Ava with four thousand Regular Troops, which increased the strength of the Garrison to six thousand men.

9. I have the honor to forward herewith a List of killed and wounded in the Squadron: the Inclosures B. and C. Casualties amongst the Troops, I understand, amounted to about twenty-five more, and I also inclose a Return of the number of Cannon captured from the Enemy.

I have the honor to be, &c.,

No. 1098 of 1852.

Orders by the Hon'ble the Lieutenant Governor of the North-Western Provinces.

General Department,

Agra, the 8th June 1852.

Notification.—1st. The attention of public Officers in the districts of Bareilly, Shahjehanpore, Furruckabad, Allygurh, Muttra, Mynpoorie, Agra and Etawah, is drawn to paragraph 13 of the Resolution of February 9th, 1850, for the promotion of Vernacular education.

2nd. In these districts Tehseeldaree schools have been formed, and an Agency has been organized for assisting and encouraging education in every part of the district; ample means have been furnished to all, for the acquisition of the rudiments of learning, which are essential to the right discharge of the duties of any public Office.

3rd. All the Officers of Government in those districts are therefore prohibited, after the expiration of six months from the present time, from taking any person into public employ, who is not able to read and write, and understand ordinary accounts. Ability to read and explain the two first of Ram Surrun Doss' Elementary Treatises, either in Hindee or Oordoo, viz., No. 1 Letters and Words, and No. II Arithmetic, is the minimum qualification for all Burkundazes, Peons, Chupprasees, and persons of superior grade. This is applicable to all departments, viz., the Judicial, the Revenue, the Police, the Customs, and every other branch of the public

service. In the selection of Chowkeedars, a preference shall always be given to Candidates possessed of the required qualifications.

4th. The Sudder Board of Revenue will fix the literary qualifications, which shall be necessary for Putwarries (village accountants,) and will consider how far the same principle can be made applicable to Candidates for the office of Lumbardar or representative of the village community.

5th. Whenever strong reasons exist for dispensing with the possession of the required qualification, the Commissioner of the Division, on the recommendation of the person who nominates to the office, is authorized to grant special exemptions for a fixed period, or for the lifetime of the exempted individual.

6th. The Zillah and Pergunnah visitors are authorized to give certificates of qualification to all persons who may make application to them for the purpose, and may give proof of their possessing the necessary knowledge. The production of such certificates will be sufficient proof that the holder possesses the required qualification. The Visitor General will issue such instructions as he considers necessary to ensure the due performance of this office by the persons employed under him.

7th. These rules are to be held strictly applicable only in the eight Districts, into which the measures for the promotion of Vernacular education have been introduced: but their spirit may be observed so far as is conveniently practicable throughout the Provinces. A preference should be given to all Candidates, for public employ, who possess at least a knowledge of the rudiments of literature indicated above.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, 18th June 1852.

No. 381 of 1852.—The following paras. of a Military Despatch from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 55, dated 5th May 1852, are published for general information :

Para. 1. Under the instructions given in our Letter of the 16th February 1814, a rule was established, that "the allowances of a Major General on the Staff, after the notification in General Order of his promotion to the rank of Lieutenant General, are inadmissible from the date of his receipt of such Order."

Reply to Military Letter, dated 5th March 1852, No. 33.

Questions relating to the continuance of Major Generals of the Company's Service in Divisional Commands after promotion to the Rank of Lieutenant General, and to the grant, by the Commander-in-Chief in India, of local Brevets of Lieutenant General to Her Majesty's Major Generals on the Staff.

2. Since this rule was adopted, there has, until the Brevet of November 1851, been only one Major General of the Company's Service who held a Divisional Command at the time he was promoted to the rank of Lieutenant General, viz., Major General Welsh, of the Madras Army; and this Officer was forthwith relieved from his Command, as shown by the General Order dated 16th February 1847, of which an extract is given in the margin.*

3. A similar course has been taken when Her Majesty's Major Generals on the Divisional Staff in India have been promoted to be Lieutenant Generals, including one promoted in November 1851, such being the general rule of the Service.

6. We now desire that the Regulation of 1814, as republished by authority in 1845 and 1849, be duly enforced from the date of your receipt of this Despatch.

No. 382 of 1852.—The undermentioned Officers are promoted to the Rank of Captain, by Brevet, from the dates expressed opposite to their names :

2. Additional "Privates' tents," in the proportion of 2 to every 100 men, (rank and file,) will be allowed for the accommodation of their families; and extra Camp Equipage in the same proportion, viz., one "Private's Tent" to six families, will be allowed for the married Sergeants. It will be left to Officers Commanding Corps to make their own distribution of the married people.

3. His Excellency the Commander-in-Chief is requested to issue such orders as may be necessary to discourage the use of Hackeries on the march by the families of European Soldiers, whenever they can possibly be dispensed with.

No. 386 of 1852.—The Most Noble the Governor General in Council is pleased to direct that each European Soldier of Her Majesty's and the Hon'ble Company's Services attached to the Bengal Presidency, shall, when in permanent quarters, be provided with a wooden box, secured with lock and key, which is to be considered an article of Barrack furniture.

2. The boxes now in use, the property of the men, will be taken over by Government at a valuation to be fixed by a Committee, and the amount awarded is to be paid by the Executive Engineer of the Division.

3. When moving, on whatever occasion, each man will be supplied with a painted canvas bag, which is to be returned into store on his reaching his permanent quarters, or on his being provided with a box.

4. The boxes are to be indented for with the other articles of Barrack furniture, and the bags will be supplied on application to the Military Board.

In our letter of the 24th January 1849, we informed you that "the rewards to Sergeants for distinguished or meritorious services, as authorized in the General Order of 20th May 1848, are intended for those performing Regimental duty, and not for those attached to Military Offices and Departments."

UNDER THE DISTINGUISHED PATRONAGE OF THE MOST NOBLE THE MARQUESS OF DALHOUSIE, K. T., GOVERNOR GENERAL OF INDIA.

A Complete Guide to the Department of Public Works.

Illustrated by a Series of Mathematical Calculations, with an Appendix, containing the Circular Orders of the Military Board, the Rules and Regulations of Government, relative to the construction and periodical repairs of the Grand Trunk Road, and of the Civil and Military Public Buildings;—accompanied by numerous Plans, Sections, Elevations of Cantonments—Churches, Cutcherries; Salt and Opium Factories; Barracks; Hospitals; Jails; Bells of Arms; Bridges; Pontoons; &c., to which is added a Glossary of Builders' Terms, with the names of Materials in English and Hindoostani. Compiled and arranged by W. PALMER, formerly of the Department of Public Works.

It seems scarcely necessary for the Author to add, that, this publication will not only be found extremely useful for ready reference, in the office of the Superintending and Executive Engineers, as quite handy on tours of Inspection, but will prove an invaluable *vade mecum* to the young Officers, preparing for the valuable staff appointments in the Department of Public Works, as Executive Officers, as the work will contain all the unrephealed Government General Orders, Precedents, and the different forms of returns required from the Executive Officers by the Department of Accounts; whilst the Tables of the quantity of Labor and Materials required for each description of work, based on the plan of the Tables of Rates, prepared some years ago, by Lieutenant-Colonel R. Tickell, of the Corps of Engineers, will be found of immense utility in checking the accounts of the Overseers and Native Agents; with a view to an early preparation of the Bills, and speedy adjustment of accounts, for submission to the Military Board and other authorities.

To Gentlemen in the Civil and Political branches of the service, the work will be found peculiarly useful when signing the completion Survey Reports or when they wish to recommend any work to Government.

The GLOSSARY of the Builders' Terms, in English and Hindoostani, will be found of great assistance to young Officers, who often experience great difficulty in explaining the Plans and Specifications of a work to Native Mistrees, at Out-posts where there are no European Overseers. As a limited number of Copies only will be printed early application is recommended.

Subscribers' names will be received by the Author, Military Orphan Press, or at his residence, No. 9, Royd Street.

ACT No. — OF 1852.

An Act for providing in the Presidencies of Fort St. George and Bombay for the punishment of Males of tender age for Petty Thefts.

Whereas, it is expedient, until adequate improvements in Prison Discipline can be effected at the Presidencies of Fort St. George and Bombay, to substitute corporal punishment for imprisonment, in case of offences committed by males of tender age, who should be punished rather in the way of school discipline than of ordinary criminal justice, It is enacted as follows:

I. Every Magistrate in the Presidency of Fort St. George; every Magistrate and First Assistant Magistrate in the Presidency of Bombay; and every Deputy or Assistant Magistrate in either of the said Presidencies, to whom the Governor in Council of the Presidency in which he is such Deputy or Assistant Magistrate may grant authority, shall, on conviction of theft of property not exceeding in value rupees fifty, if the person convicted be a male, and shall appear to him, by inspection or other evidence, to be of such tender years as to require punishment rather in the way of school discipline than of ordinary criminal justice, sentence such person to corporal punishment with a light ratan, not exceeding ten stripes, to be inflicted on the bare palm of the hand, or through a light garment on the back.

II. In cases of sentences to corporal punishment as aforesaid, no other punishment shall be superadded, and the punishment shall be inflicted

UNDER THE DISTINGUISHED PATRONAGE OF THE
MOST NOBLE THE MARQUESS OF DALHOUSIE, K. T.,
GOVERNOR GENERAL OF INDIA.

A Complete Guide to the Department of Public Works.

Illustrated by a Series of Mathematical Calculations, with an Appendix, containing the Circular Orders of the Military Board, the Rules and Regulations of Government, relative to the construction and periodical repairs of the Grand Trunk Road, and of the Civil and Military Public Buildings;—accompanied by numerous Plans, Sections, Elevations of Cantonments—Churches, Cutcherries; Salt and Opium Factories; Barracks; Hospitals; Jails; Bells of Arms; Bridges; Pontoons; &c., to which is added a Glossary of Builders' Terms, with the

names of Materials in English and Hindoostani. Compiled and arranged by W. PALMER, formerly of the Department of Public Works.

It seems scarcely necessary for the Author to add, that, this publication will not only be found extremely useful for ready reference, in the office of the Superintending and Executive Engineers, as quite handy on tours of Inspection, but will prove an invaluable *rade mecum* to the young Officers, preparing for the valuable staff appointments in the Department of Public Works, as Executive Officers, as the work will contain all the unrepealed Government General Orders, Precedents, and the different forms of returns required from the Executive Officers by the Department of Accounts; whilst the Tables of the quantity of Labor and Materials required for each description of work, based on the plan of the Tables of Rates, prepared some years ago, by Lieutenant-Colonel R. Tickell, of the Corps of Engineers, will be found of immense utility in checking the accounts of the Overseers and Native Agents; with a view to an early preparation of the Bills, and speedy adjustment of accounts, for submission to the Military Board and other authorities.

To Gentlemen in the Civil and Political branches of the service, the work will be found peculiarly useful when signing the completion Survey Reports or when they wish to recommend any work to Government.

The GLOSSARY of the Builders' Terms, in English and Hindoostani, will be found of great assistance to young Officers, who often experience great difficulty in explaining the Plans and Specifications of a work to Native Mistrees, at Out-posts where there are no European Overseers.

As a limited number of Copies only will be printed early application is recommended.

Subscribers' names will be received by the Author, Military Orphan Press, or at his residence, No. 9, Royd Street.

ACT No. — OF 1852.

An Act for providing in the Presidencies of Fort St. George and Bombay for the punishment of Males of tender age for Petty Thefts.

Whereas, it is expedient, until adequate improvements in Prison Discipline can be effected at the Presidencies of Fort St. George and Bombay, to substitute corporal punishment for imprisonment, in case of offences committed by males of tender age, who should be punished rather in the way of school discipline than of ordinary criminal justice, It is enacted as follows:

I. Every Magistrate in the Presidency of Fort St. George; every Magistrate and First Assistant Magistrate in the Presidency of Bombay; and every Deputy or Assistant Magistrate in either of the said Presidencies, to whom the Governor in Council of the Presidency in which he is such Deputy or Assistant Magistrate may grant authority, shall, on conviction of theft of property not exceeding in value rupees fifty, if the person convicted be a male, and shall appear to him, by inspection or other evidence, to be of such tender years as to require punishment rather in the way of school discipline than of ordinary criminal justice, sentence such person to corporal punishment with a light ratan, not exceeding ten stripes, to be inflicted on the bare palm of the hand, or through a light garment on the back.

II. In cases of sentences to corporal punishment as aforesaid, no other punishment shall be superadded, and the punishment shall be inflicted on all occasions in the presence of the officer who awards it.

ACT No. — OF 1852.

An Act for conferring Criminal Jurisdiction upon District Moonsiffs in the Presidency of Madras.

Whereas the administration of justice in the Presidency of Madras will be promoted by vesting District Moonsiffs with jurisdiction in criminal cases, It is enacted as follows:

I. It shall be competent to the Governor in Council of Fort St. George, by an order in writing, to empower one or more of the District Moonsiffs, in any Zillah of the said Presidency, to hear and determine complaints or prosecutions for petty offences and for petty thefts as defined in Sections XXXII. and XXXIII. of Regulation IX. of 1816, and for petty offences of the description specified in Clause 1, Section VIII. Regulation XIII. of 1832.

II. In bringing criminal cases before a District Moonsiff for trial under this Act, the District Police shall be subject to the same laws and rules as are now applicable to them in bringing similar cases before a Magistrate.

III. All laws and rules now in force relating to the mode of procedure in such criminal cases in the Courts of the Magistrates, shall also apply to and regulate the mode of procedure in such

criminal cases in the Courts of the District Moonsiffs.

IV. Provided always, that in trials or investigations under this Act, the District Moonsiffs shall take down the complaint and defence as well as the oral evidence fully in writing, and shall receive all relevant and material documentary evidence, properly tendered, and file the same or a copy thereof, or such parts thereof as may be relevant.

V. The powers vested in Sessions Judges by Section XXXVII., Act VII. of 1843, and the Regulations therein referred to, to review, alter and overrule the proceedings, orders and judgments passed by Sudder Ameens in criminal cases, shall extend to the proceedings, orders and judgments passed by the District Moonsiffs under this Act.

VI. It shall be competent to the Governor in Council, when he shall empower one or more of the District Moonsiffs in any Zillah to exercise criminal jurisdiction under this Act, to order at the same time that the provisions of Clauses 1, 2, 3 and 4, Section IV., Regulation IV. of 1821, and of Act XXXIII. of 1837, shall cease to have any operation in that Zillah, or in the parts of it in which such criminal jurisdiction is to be exercised by a District Moonsiff.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 25th day of September 1852.
